## Description :

Prsentation de l'diteurA drunken lunatic, a lucid guru, a hilarious storyteller and many more things besides. Gary Lightbody (Snow Patrol)An influential music promoter and producer, Terri Hooley is the undisputed Godfather of Punk. His life has been colorful and extraordinary and was the inspiration for the recent Good Vibrations film. Told here for the first time, Hooleygan is Terris own no-holds-barred account of his career in the music industry a career that began in 1978 when he opened an independent record store in Belfast that took him from the highs of working with John Peel and The Undertones, to the lows of bankruptcy and arson.The rest of Terris story is the stuff of myth and legend run-ins with Bob Dylan and John Lennon, drinking sessions with Phil Lynott and clashes with paramilitaries and racketeers.With over 130 illustrations,

including flyers and memorabilia from the 1970s and 1980s, and featuring contributions from David Holmes, John O'Neill, and Jonny Quinn, Hooleygan is an irreverent, funny and in-your-face account of punk, paramilitaries and the music business. *Revue de presse* I designed my own tartan bondage trousers, wore upside crosses on torn-up school blazers and yomped around Belfast city centre with a gang of young punks (who came from every background, loyalist, republican, Catholic, Protestant, anarchist, socialist) all the way up to Terri's Good Vibrations store on Saturdays. --Henry McDonald, *The Guardian* a radical, rebel, and music lover who took on not only the musical establishment but also the paramilitaries --Hotpress a roller-coaster run-through of Terri's life as one of Northern Ireland's best-known, much-loved and much-frowned upon cultural agitators --Irish Times a radical, rebel, and music lover who took on not only the musical establishment but also the paramilitaries --Hotpress a roller-coaster run-through of Terri's life as one of Northern Ireland's best-known, much-loved and much-frowned upon cultural agitators --Irish Times Presentation de l'auteur A drunken lunatic, a lucid guru, a hilarious storyteller and many more things besides.
