Description : Description du produit Now the average person can easily make a submachine gun with minimal tools, equipment and material. This nontechnical book walks you through building the receiver, breech block, barrel, trigger assembly, stock, pistol grip, sights and magazine, as well as heat treating and finishing. Must reading for anyone who is concerned about our increasingly restrictive government. For academic study only.

Prsentation de l'diteur Now the average person can easily make a submachine gun with minimal tools, equipment and material. This nontechnical book walks you through building the receiver, breech block, barrel, trigger assembly, stock, pistol grip, sights and magazine, as well as heat treating and finishing. Must reading for anyone who is concerned about our increasingly restrictive government. For academic study only.
